2020 Ham Shoot

Saturday, April 4th and Sunday, April 5th
Open to members and non-members

Shooting starts at 11:00AM ends at 4:00PM
(or until all the hams are gone!)
Cost is \$5.00/round

3 WAYS TO WIN A HAM

High Gun Round

The shooter who hits the most targets wins the ham. Ties will go into extra shooting at further distances until someone misses their target. 10 targets per round (2 per station). 16 yard or handicap -- you pick it!

White Bird Round

The shooter who hits the most "white" targets wins the ham. All "white" birds presented participate in the white bird count. Ties will then be total number of broken targets out of ten. If there's still a tie it will go into extra shooting in High Gun format at further distances until someone misses their target. 10 targets per round (2 per station). 16 yard or handicap.

Buy A Chance – Pig Target

You can purchase a circle on our pig target for \$1.00 each. When the sheet is full, we'll bring it to the target field and have an inexperienced shooter fire a round and the circle that has the most pellet holes in it wins the ham.

Prizes

We do not shoot real pigs. Fresh hams are awarded as prizes. If you win a ham, you will be given a coupon. No limit as to how many hams you can win.

All coupons **must** be redeemed for hams on the day they are won. We do not have any way to store the hams. Coupons cannot be carried over into future events.
